

# Non Contact Web Cleaner

BR 41/54

## Improved Quality

– With Kelva's Well-proven and Efficient Web Cleaner Head

- Cleans both sides simultaneously
- Effective 3-chamber solution
- Flexible to install and easy to adjust
- Compact size
- For both high and low tension webs

The BR41/54 is the well-known Kelva web cleaner head for narrow web cleaning, or where space is at premium.

For best possible performance, use with Kelva AF24 filter.
